From 25 September 2021, the availability of AIA Priority Protection Income Protection or Income Protection Accident Only cover (and associated linked or Rider Benefits) was solely limited to customers who already hold Income Protection or Income Protection Accident Only cover under an existing AIA Australia Priority Protection policy.

For further explanation of the availability of replacement Income Protection or Income Protection Accident Only cover through superannuation, refer to Section 9 of the AIA Priority Protection PDS. For important information about replacement policies more generally, refer to Section 10.2 of the AIA Priority Protection PDS.

In no circumstances is a change from a non-Agreed Value income protection policy to an Agreed Value policy permitted.

From 15 October 2023, the availability of AIA Priority Protection with a Term Level premium structure was solely limited to customers who already hold an existing AIA Australia Priority Protection policy with a Term Level premium structure. Important – you should regularly review the suitability of your Sum Insured:

In the event of claim, an Indemnity based income protection policy will calculate benefits with reference to your actual Income in the 12 months, or last financial year, prior to the claim. If your Income has reduced since you originally started your policy this may mean that the benefit you receive in the event of a claim will be less than your Sum Insured. Alternatively, if your Income has increased since you originally started your policy, and you have not updated your Sum Insured to reflect this, the benefit you receive in the event of a claim will be capped by your Sum Insured and accordingly will not be reflective of the increase to your Income.

It is important therefore to regularly review the suitability of your current Sum Insured. Your financial adviser will be able to support you with this process.

1. Type of cover

Insured Monthly Benefit – Indemnity and Extended Indemnity

Your Insured Monthly Benefit (subject to applicable claim offsets) is the lesser of:

[^]Unless otherwise disclosed to you or agreed with you. Your Insured Monthly Benefit may be adjusted by any benefit alterations the Policy Owner has effected,

or as adjusted by us in accordance with the policy terms and conditions and notified to the Policy Owner such as any applicable Benefit Indexation.

^{^^}75% of your monthly Pre-disablement Income (Indemnity/Extended Indemnity) is calculated as follows:

- 75% of the first \$26,667 of your monthly Pre-disablement Income (Indemnity/Extended Indemnity) at the start of the Total Disablement
- plus 50% of the next \$20,000 of your monthly Pre-disablement Income (Indemnity/Extended Indemnity),
- plus 20% of the next \$150,000 of your monthly Pre-disablement Income (Indemnity/Extended Indemnity).

See Section 18.1 for the Indemnity and Pre-disablement Income (Indemnity/Extended Indemnity) definitions.

Note: under the Superannuation Income Protection Plan, the monthly benefit may be reduced so that it does not exceed 100% of your Pre-disablement Income. The amount of such reduction can be paid under a Linked Benefit (Super Extras) outside super if applicable.

Insured Monthly Benefit – Agreed Value

Your Insured Monthly Benefit is agreed with you based on your Income at the time your application is underwritten. The monthly benefit we will pay may be subject to claim offsets (see Section 16.1.4).

The amount of financial evidence that you will be reasonably required to provide on your Income at time of claim is based on whether your Agreed Value cover is 'Verified', 'Unverified' or 'Partially Verified' financially. The type of Agreed Value cover that you hold will be shown on your Policy Schedule.

For further details on the Insured Monthly Benefit calculation where Agreed Value cover is held, see the Agreed Value definition in Section 18.1.

Agreed Value is only available with a Superannuation Plan where you have Super Extras as a Linked Benefit attached to a separate Policy outside super. If your monthly benefit amount exceeds 100% of your Pre-disablement Income, the amount of the excess will be paid under Super Extras.

Pre-disablement Income – Indemnity

Your Pre-disablement Income for Indemnity is the greater of your average monthly Income for:

- the 12 consecutive months immediately preceding the commencement of disablement, and
- the latest financial year immediately preceding the commencement of disablement.

Pre-disablement Income – Extended Indemnity

Your Pre-disablement Income for Extended Indemnity is your highest average of monthly Income in any consecutive 12-month period in the three years immediately prior to you becoming Totally Disabled.

2. Total Disablement

Occupation Categories – A1, A2, M, A3, A4

If you are:

- continuously disabled (either Totally Disabled or Partially Disabled) for the duration of the Waiting Period, and
 - Totally Disabled from the end of the Waiting Period,
- a Total Disablement monthly benefit is payable provided you meet the Total Disablement definition that applies to you at the end of the Waiting Period.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Total Disablement definition. Claim offsets and limitations may apply (see Section 16.1.4).

Occupation Categories – B1, B2, C1, C2, D and E

If you are:

- Totally Disabled for at least seven out of 12 consecutive days during the Waiting Period
 - continuously disabled (either Totally Disabled or Partially Disabled) for the balance of the Waiting Period, and
 - Totally Disabled from the end of the Waiting Period,
- a Total Disablement monthly benefit is payable provided you meet the Total Disablement definition that applies to you at the end of the Waiting Period.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Total Disablement definition. Claim offsets and limitations may apply (see Section 16.1.4).

All Occupation Categories

You can return to work at any time during the Waiting Period without the Waiting Period recommencing, provided you meet the requirements listed in the Waiting Period definition (see Section 18.1). These requirements are based on your Occupation Category and the Waiting Period selected.

If Income Protection Accident Only cover applies, you will only receive a Total Disablement monthly benefit where your disablement results **solely** due to an Accidental Injury.

The benefit is calculated on a daily basis and paid monthly in arrears.

3. Partial Disablement

Occupation Categories – A1, A2, M, A3, A4

If you are:

- continuously disabled (either Totally Disabled or Partially Disabled) for the duration of the Waiting Period, and
 - Partially Disabled from the end of the Waiting Period,
- a Partial Disablement monthly benefit is payable provided you meet the Partial Disablement definition that applies to you.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Partial Disablement definition. Claim offsets and limitations may apply (see Section 16.1.4).

Occupation Categories – B1, B2, C1, C2, D and E

If you are:

- Totally Disabled for at least seven out of 12 consecutive days during the Waiting Period
 - continuously disabled (either Totally Disabled or Partially Disabled) for the balance of the Waiting Period, and
 - Partially Disabled from the end of the Waiting Period,
- a Partial Disablement monthly benefit is payable provided you meet the Partial Disablement definition that applies to you.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Partial Disablement definition. Claim offsets and limitations may apply (see Section 16.1.4).

All Occupation Categories

You can return to work at any time during the Waiting Period without the Waiting Period recommencing, provided you meet the requirements listed in the Waiting Period definition (see Section 18.1). These requirements are based on your Occupation Category and the Waiting Period selected.

If Income Protection Accident Only cover applies, you will only receive a Partial Disablement monthly benefit where your disablement results **solely** due to an Accidental Injury.

Where you hold Income Protection cover under an Ordinary Plan and you are earning 25% or less of your Pre-disablement Income during any of the first three months immediately after the end of the Waiting Period, we will pay the Total Disablement benefit

for that period. This does not apply where you hold Income Protection cover under a Superannuation Plan.

To calculate your initial monthly benefit payment we take into account a number of factors including your Pre-disablement Income and your Insured Monthly Benefit. For further details on the monthly benefit calculation for Partial Disablement, see the Partial Disablement – Income Protection Capability Clause definition in Section 18.1. The benefit is calculated on a daily basis and paid monthly in arrears.

The amount of benefit payable in a month may be reduced for any claim offsets.

4. Recurrent Disablement

We will waive the Waiting Period and recommence benefit payments immediately if:

- you return to full-time work after payment of a Total Disablement or a Partial Disablement benefit, and
- you suffer the same or a related Injury or Sickness (Income Protection benefit), or you suffer from the same Accidental Injury (Income Protection Accident Only benefit) within 12 months of returning to work on a full-time basis.

The claim will be treated as a continuation of the most recent claim and will be payable for up to the balance of the Benefit Period.

Any recurrence of Total Disablement or Partial Disablement occurring more than 12 months after returning to work on a full-time basis will be subject to a new Waiting Period and a new Benefit Period.

5. Waiver of Premium

If a Total Disablement or Partial Disablement benefit is payable for either Income Protection or Income Protection Accident Only, we will:

- Waive the premiums that you would otherwise pay for this benefit, or reimburse you for such premiums paid (including any Rider Benefits attached to your Income Protection cover) until the end of the Benefit Period or until the date the Total Disablement or Partial Disablement ceases (whichever occurs first), and
- Reimburse you for premiums that you paid during the Waiting Period for this benefit.

Where your Policy is held within superannuation, any premiums paid for the Policy will be reimbursed to the trustee of the relevant fund. Where your Policy is held within a risk-only division of a superannuation fund, you will need to nominate details of an account in a complying superannuation fund to which the trustee can roll-over any reimbursement. If no nomination is made to the trustee of the Scheme the monies will be transferred to the ATO.

If you selected Benefit Indexation, this will continue whilst premiums are being Waived.

For the avoidance of doubt, the Income Protection Waiver of Premium benefit does not waive premiums for other Plans on your Policy.

Premium payments must recommence from the date on which the Waiving of premium ceases.

Please refer to the definition of Waive in Section 18.1.

6. Death benefit

If you pass away whilst the Income Protection Plan is in force, we will pay a lump sum benefit of six times your Insured Monthly Benefit up to a maximum of \$60,000.

7. Terminal Illness benefit

If you are on claim and you are diagnosed with a Terminal Illness we will make an advance payment of the full Death benefit. We will pay this benefit once only.

If we make an advance payment for Terminal Illness, we will not pay the Death benefit again.

We will pay this benefit for Terminal Illness in addition to any other benefits payable whilst you are on claim.

8. Rehabilitation Expenses

We will pay the costs of your participation in a rehabilitation program approved by us that is part of a structured return to work program and is necessary to assist in your rehabilitation back to work following your Illness or Sickness.

We will pay this benefit for the following types of programs:

- graded exercise programs
- wellness programs
- business coaching
- graded return-to-work programs
- modification of work environments
- work-related counselling
- career advice and redirection
- re-skilling or retraining
- the supply of ergonomic equipment
- other types of programs which we approve from time to time.

However, we will not reimburse costs of participating in any program where the relevant program:

- involves 'treatment' as defined by the Life Insurance and Health Insurance Acts
- provides ongoing services that do not have the specific and stated objective of leading to an increase in function
- does not have the primary purpose of returning you to paid employment
- does not have goals incorporated into the plan that can be measured; or
- is of a type ordinarily engaged in for general health and wellbeing.

We recommend you seek our approval of the program prior to your participation otherwise there is the risk that you'll be out of pocket for the costs incurred. We won't unreasonably delay

letting you know whether or not we'll reimburse you for the proposed rehabilitation program.

This benefit also covers the reimbursement of occupational services, aides, equipment and/or modifications that are considered necessary as part of the structured return to work program. These expenses must be approved by us and are limited to the maximum benefit of 12 times the Insured Monthly Benefit.

This benefit is payable in addition to any other benefit paid.

We will not pay this benefit for expenses that are reimbursed from any other source.

9. Severity benefit

If we have been paying a benefit for more than six consecutive months after the Waiting Period, we will pay an additional 1/3rd of your Insured Monthly Benefit until the end of the Benefit Period if you are:

- Totally Disabled to the extent that you cannot perform at least two Activities of Daily Living, and
- under the constant care and supervision of another adult.

We will make this payment as long as you continue to be Totally Disabled to the extent that you are unable to perform at least two of the Activities of Daily Living.

Payment will be subject to re-assessments, based on medical evidence that you require ongoing continuous care and supervision by another adult.

The sum of the Total Disablement and Severity benefit cannot exceed \$30,000 per month, and claim offsets may apply.

10. Cosmetic or Elective Surgery benefit

We will pay a Total Disablement benefit if you become Totally Disabled and remain Totally Disabled after the Waiting Period as a result of:

- cosmetic surgery,
- other elective surgery, or
- surgery to transplant an organ or bone marrow from you into the body of another person.

This benefit does not apply if the surgery or transplant takes place within six months of the Income Protection benefit commencing, being reinstated, or increased (but only in relation to the increased amount). In the case of a policy which has been cancelled and replaced, the six month period will start from the date of the original policy commencement.

Normal post-surgery recovery is not considered to be Total Disablement for the purposes of this benefit.

No benefit will be paid for normal post-surgery recovery.

In all cases the surgery must be performed by an appropriately qualified Doctor.

11. Multi Definition (Total Disablement and Partial Disablement)

Your claim will be assessed under either:

- Total Disablement – Multi Definition, or
- Partial Disablement – Multi Definition.

You must meet our definition of Full-time Employment, and not be Occupation Category E.

These enhanced definitions provide more flexibility, for example in relation to the hours you can work or the Income you earn whilst you are Partially or Totally Disabled.

Please refer to Section 18.1 for the terms and conditions that apply.

12. Needlestick Injury benefit

Only Occupation Category M is eligible for this benefit.

We will pay a Needlestick Injury benefit if, because of a needlestick injury or a splash injury occurring during the course of carrying out the duties of your normal occupation:

- you become infected with Human Immunodeficiency Virus (HIV), the Acquired Immune Deficiency Syndrome (AIDS), Hepatitis B or Hepatitis C, and
- as a result of infection, you experience a reduction in your earnings, including if your relevant licensing body advises you to cease work or if you have disclosed this infection to your patients.

We will pay this benefit following the Date of Loss (Needlestick) once the Waiting Period (Needlestick) shown on your Policy Schedule expires.

Date of Loss (Needlestick) is determined as the date that sero-conversion takes place, that is, the date on which you are diagnosed as HIV positive, Hepatitis B positive or Hepatitis C positive.

Needlestick Injury benefit payable

To calculate the Needlestick Injury benefit payable we take into account a number of factors including your Pre-Needlestick Injury Income and your Insured Monthly Benefit.

The amount of benefit payable in a month may be reduced for any claim offsets.

For further details on how the monthly benefit is calculated for Needlestick Injury, see the Needlestick Injury Benefit Calculation definition in Section 18.1.

Limitations

- Infection caused by an intentional self-inflicted act, sexual activity or recreational intravenous drug use is specifically excluded.
- This benefit is only available to you if you are Occupation Category M and are working in a medical or allied occupation at the time of the injury.

- Any injury giving rise to a potential claim must be reported to your relevant licensing body within 30 days and be supported by a negative HIV, Hepatitis B or Hepatitis C antibody test taken within seven days after the injury.
- Sero-conversion evidence of the HIV, Hepatitis B or Hepatitis C infection must occur within six months of the injury.
- We must be given access to test independently all blood samples used, if required.
- We retain the right to take further independent blood tests or other medically accepted HIV tests.
- The Needlestick Injury benefit does not cover any disease, sickness or incapacity other than the occupationally acquired infection of you with HIV, Hepatitis B or Hepatitis C whilst performing the duties of your normal occupation.
- Cover for the Needlestick Injury benefit will not apply where a cure for HIV, AIDS, Hepatitis B or Hepatitis C has become available to the Life Insured before the accident giving rise to a claim.
- The Needlestick Injury benefit is not payable in conjunction with the Accidental HIV Infection Crisis Event under the Crisis Recovery benefit, or the Occupationally Acquired Hepatitis B or Hepatitis C Infection under the PLUS Optional benefit.

13. Involuntary Unemployment Waiver of Premium

Where you are the Life Insured and Policy Owner, we will Waive your Income Protection premiums (including any Rider Benefits attached to your Income Protection cover) for a period of up to three months if you become involuntarily unemployed, and suitable evidence is provided to us that shows you meet the definition of Involuntary Unemployment as set out in Section 18.1. Your cover will not cease during this period.

The Involuntary Unemployment needs to have occurred within three months of you contacting us to utilise the Involuntary Unemployment Waiver of Premium feature.

After this benefit has been claimed once, we will not provide the benefit again unless you return to Full-time Employment for at least 12 consecutive months and you are then able to satisfy our definition of Involuntary Unemployment again.

We will only Waive premiums under this feature once for up to three months in any 12-month period.

The Policy must be in-force for a minimum of 12 months from commencement or latest reinstatement date. You must be less than 60 years old at the time of utilising the waiver (in the case of a policy which has been cancelled and replaced, the 12 month period will start from the date of the original policy commencement).

You must be able to provide reasonable evidence of Involuntary Unemployment that we may reasonably request and meet certain conditions, including that you are both the Life Insured and the Policy Owner. The Involuntary Unemployment Waiver of Premium feature will cease if you return to work within three months.

14. Specified Injury benefit

The Specified Injury benefit is payable if you suffer one of the Listed Events below as a result of an Injury. We will pay the Insured Monthly Benefit for the payment period applicable to the relevant Listed Event, as set out in the table below. The payment period commences on the date of Injury, even if you are not disabled (either Totally Disabled or Partially Disabled) and applies irrespective of your Waiting Period.

Where you are disabled during the Specified Injury benefit payment period, the benefit will be paid instead of any Total Disablement, Partial Disablement, Bed Confinement or Day 1 Accident benefit otherwise payable in respect of that period.

If you are eligible to claim a Crisis Recovery benefit at the same time as a Specified Injury benefit, we will only pay the benefit with the longest payment period.

If we pay the Specified Injury benefit and you continue to be disabled (either Totally Disabled or Partially Disabled) as a result of the same Listed Event, Total Disablement or Partial Disablement benefits (as applicable) will be paid from the later of the end of the:

- Specified Injury benefit payment period; and
- Waiting Period.

Where the Benefit Period is two or five years, payment of the Specified Injury benefit will reduce your Benefit Period. Where your Benefit Period (after any reduction, if applicable) is shorter than the payment period applicable in relation to the relevant Listed Event, the payment period will be reduced accordingly.

If you suffer another Listed Event during the payment period, we will continue to pay for the balance of the original payment period or the new payment period, whichever is the longer, and no Total Disablement, Partial Disablement, Bed Confinement or Day 1 Accident benefit will be paid in respect of that period.

Listed Event	Payment period (months)
Paralysis (total and permanent)	60*
Loss [^] of:	
• both feet or both hands or sight in both eyes	24*
• any two of a foot, a hand and sight in one eye	24*

• sight in one eye	12
• the thumb and index finger of one hand	6
Fracture [#] of the:	
• thigh (femur)	3
• pelvis	3
• leg (below the knee and above the ankle joint – tibia and/or fibula)	2

• collarbone (clavicle)	1.5
• ankle joint	1
• wrist joint	1
• heel (calcaneus)	1
Or the balance of the Benefit Period if less.	

*If you have selected a two-year Benefit Period, claim payments will cease at the end of the Benefit Period, for example, payments for an Injury that resulted in Paralysis would end after 24 months, not 60 months as shown in the table.

^ 'Loss' means the total and permanent loss of:

- the use of the hand from the wrist or the foot from the ankle joint
- the use of the arm from the elbow or the leg from the knee joint
- the use of the thumb and index finger from the first phalange joint, or
- the sight (to the extent of 6/60 or less) in the eye.

'Fracture' means any bone fracture, evidenced by imaging studies, requiring the application of a plaster cast or an immobilising device as considered appropriate and necessary by your Medical Practitioner. Immobilisation is not required for fracture of the skull where it is not considered medically appropriate or necessary.

15. Crisis Recovery benefit

The Crisis Recovery benefit is payable if you are diagnosed with a Crisis Event listed as covered in the table below and survive for 14 days following that diagnosis. The Crisis Recovery benefit payment period is six months commencing on the date of diagnosis and the total benefit payable is equal to six times your Insured Monthly Benefit. You can choose to receive the payment as a lump sum or in equal monthly instalments.

The benefit, whether taken as a lump sum or in instalments, will be paid even if you are not disabled (either Totally Disabled or Partially Disabled) and applies irrespective of your Waiting Period. Where you are disabled during the Crisis Recovery benefit payment period, the benefit will be paid instead of any Total Disablement, Partial Disablement, Bed Confinement or Day 1 Accident benefit otherwise payable in respect of that period.

If you are eligible to claim a Specified Injury benefit at the same time as a Crisis Recovery benefit, we will only pay the benefit with the longest payment period.

If we pay the Crisis Recovery benefit and you continue to be disabled (either Totally Disabled or Partially Disabled) as a result of the same Crisis Event, Total Disablement or Partial Disablement benefits (as applicable) will be paid from the later of the end of the:

- Crisis Recovery benefit payment period; and
- Waiting Period.

Where the Benefit Period is two or five years, payment of the Crisis Recovery benefit will reduce your Benefit Period.

We must receive written confirmation from a Medical Practitioner and/or a legally qualified pathologist to enable us to pay your claim under the Crisis Event. Please refer to Section 4.2 for detailed information about what we require before we can assess a claim.

Qualifying period

A Crisis Recovery benefit is not payable if the Crisis Event first occurs or is first diagnosed or investigated, or the symptoms are reasonably apparent within three months after this benefit commences, is reinstated or increased (but only in relation to the increased amount). The Crisis Events with this Qualifying Period are noted with an asterisk (*) symbol in the table above.

In the case of a policy which has been cancelled and replaced, the 3 month period will start from the date of the original policy commencement.

Limitations

Once the Crisis Recovery benefit has been paid for one of the listed Crisis Events, we will not pay for a second Crisis Event that is related to, or caused by, the medical condition resulting in any previous claim under the Crisis Recovery benefit.

The Crisis Recovery benefit does not cover any disease, sickness or incapacity other than the Crisis Events listed in the table above and defined in Section 12.2, which occur during the period the Crisis Recovery benefit remains in force.

Accidental HIV Infection and Occupationally Acquired Hepatitis B or Hepatitis C Infection Crisis Events are not payable in conjunction with each other.

If you suffer more than one Crisis Event at the same time, we will only pay you for one Crisis Event.

16. Bed Confinement benefit

We will pay 1/30th of your Insured Monthly Benefit for each day during the Waiting Period that you are Totally Disabled, confined to bed or hospitalised, and requiring the full-time care of a registered nurse (as confirmed in writing as a medical requirement by a Medical Practitioner).

We will pay the benefit after you have been confined to bed or hospitalised for more than three days until the end of the Waiting Period up to a maximum of 90 days.

The Medical Practitioner and the nurse cannot be the Life Insured, the Policy Owner, a family member, a business partner, or an employee or employer of either the Life Insured or the Policy Owner.

The Bed Confinement benefit will not be paid if you are receiving the Day 1 Accident benefit or the Specified Injury benefit or the Crisis Recovery benefit under PLUS Optional.

17. Accommodation benefit

We will pay up to \$250 a day for up to 30 days in any 12-month period if:

- you become Totally Disabled, and
- you are more than 100 kilometres from home, or on the advice of a Medical Practitioner, you travel to a place more than 100 kilometres from home.

The Accommodation benefit will assist an immediate family member with the costs of accommodation to be near you provided you are confined to a bed or hospitalised.

18. Family Care benefit

We will pay a monthly benefit if as a result of Total Disablement:

- you are totally dependent on an immediate family member for your essential everyday needs such as feeding, dressing and bathing, and
- consequently your immediate family member's monthly income is reduced as a result of looking after you.

We will pay the lesser of the immediate family member's reduction in pre-tax monthly Income or 50% of the Insured Monthly Benefit, for up to 90 days, starting from the end of the Waiting Period.

19. Home Care benefit

We will pay this benefit after the Waiting Period, if you are:

- Totally Disabled
- confined to or near a bed other than in a hospital or a similar institution that provides nursing care, and
- totally dependent on a paid professional home carer (excluding relatives and immediate family members).

We will reimburse the lesser of \$150 a day or 100% of your Insured Monthly Benefit, for up to six months, to help cover the cost provided you remain totally dependent upon the professional home carer.

This benefit will not be paid if you are already receiving the Family Care benefit or the Accommodation benefit.

20. No Claim Bonus

We will reward your claim-free years with a 'no claim bonus' that will increase your Insured Monthly Benefit by the percentage shown below.

Claim-Free Years	Bonus
3	5%
4	10%
5 or more	15%

The increased benefit will be paid for up to 12 months while claim payments are being made.

This benefit is only payable once per policy.

21. Relocation benefit

If you become Totally Disabled for over three months while travelling or residing outside of Australia, we will reimburse you for the lesser of the cost of a single standard economy airfare to Australia via the most direct route available, or three times your Insured Monthly Benefit.

The amount of this benefit will be reduced by any other reimbursements to which you are entitled in respect of the transportation, such as benefits provided by private medical and health insurance and travel insurance.

22. Rehabilitation Incentive benefit

We will pay a benefit of three times your Insured Monthly Benefit if you return to paid Full-time Employment after attending a rehabilitation program that is part of a structured return to work program that is reasonably necessary to assist in your rehabilitation back to work following your Illness or Sickness, or is otherwise approved by us, and you remain in paid Full-time Employment for six consecutive months. - does not have the primary purpose of returning you to paid employment
- does not have goals incorporated into the plan that can be measured; or
- is of a type ordinarily engaged in for general health and wellbeing.

We recommend you seek our approval of the program prior to your participation otherwise there is the risk that you will not receive this benefit. We won't unreasonably delay letting you know whether or not we approve the program for the purpose of this benefit.

23. AIDS Cover benefit

This benefit provides cover if you are disabled due directly or indirectly to the Human Immunodeficiency Virus (HIV) or the Acquired Immune Deficiency Syndrome (AIDS) from any cause, first diagnosed during the term of the benefit.

We may require you to undergo an HIV test at the time of application for new or increased cover to ensure that you are not HIV positive at the commencement of the benefit. This does not apply to the cancellation and replacement of an existing policy.

This benefit is not available under Income Protection Accident Only.

24. To age 70 Benefit Period

The Rider benefits available under this benefit are:

- Claim Escalation¹
- PLUS Optional (under Super Extras)
- Advantage Optional (under Super Extras)
- Day 1 Accident¹
- Income Protection Lump Sum (under Super Extras)
- Carer's Allowance (under Super Extras)
- Retirement Optimiser²
- Business Expenses (under an Ordinary Plan)

Not all of the above benefits will continue to be available until the Policy Anniversary prior to Age 70. Benefits will cease as per the Expiry Date stated in each benefit section.

1. Under a Superannuation Income Protection Plan, the monthly benefit cannot exceed 100% of your Pre-disablement Income.

2. Under a Superannuation Income Protection Plan the total of the Income Protection or Income Protection Accident Only monthly benefit and the Retirement Optimiser monthly benefit cannot exceed 100% of your Pre-disablement Income. These benefits will be reduced by the same proportion if necessary to comply with this rule.

25. Benefit Indexation

If your cover includes Benefit Indexation, we will automatically increase the applicable Sum Insured or Insured Monthly Benefit at the Policy Anniversary each year by the higher of the CPI Increase and 3%.

For policies with a Variable age-stepped premium structure, the premium will be adjusted according to your age at the time of the increase. The same applies to Optimum premium structures during the 'Variable age-stepped premium' phase.

For policies with Variable premium or Term Level premium structures, the premium will be adjusted according to your age at the time the benefit commenced, provided that the benefit was not subsequently cancelled. The same applies to Optimum premium structures during the 'Variable premium' phase. At the end of the Term Level initial term, premiums will convert to 'Variable age-stepped premiums' and indexation increases will be adjusted to allow for the higher Sum Insured and your age at that time.

You can opt out of Benefit Indexation increases either on your application form, at the time of a policy cancellation and replacement or by contacting us before your Policy Anniversary. If you opt out one year, we will still offer you the automatic increase the following year. If you wish to stop all increases occurring in the future, you will need to advise us in writing.

If a Benefit Indexation increase has been applied and you do not wish to accept the increase, you will need to advise us in writing within one month after the Policy Anniversary date at which the increase became effective.

Benefit Indexation will cease at the earliest of:

- the Policy Anniversary on or prior to your 70th birthday, and
- the Expiry Date of the benefit.

Benefit Indexation will not be offered when Premium Freeze is in force.

Benefit reductions

Under Superannuation Income Protection Plans, the Insured Monthly Benefit may be reduced so that it does not exceed 100% of your Pre-disablement Income. The amount of the reduction can be paid under a Linked Benefit (Super Extras) outside super, if applicable.

26. Guaranteed Future Insurability

Guaranteed Future Insurability is a Built-in Benefit to Income Protection and Income Protection Accident Only. It provides you with an option to increase your Income Protection Sum Insured without supplying further evidence of your health or insurability, whenever you receive a permanent increase in your salary package.

Type of event	Sum Insured increase
Increase in your salary package	<p>The lesser of:</p> <ul style="list-style-type: none"> • 15% of the Insured Monthly Benefit (after the addition of any Benefit Indexation increases since the commencement of the Income Protection benefit*, and • \$2,500 <p>The Sum Insured increase applies to Income Protection insurance cover.</p>

*In the case of a policy which has been cancelled and replaced, this will include increases since the commencement of the original Policy.

Limitations

You must apply for the increase in the Income Protection Sum Insured within the first 60 days after the permanent increase in your salary package. We will require reasonable proof of the event, e.g, a letter from your employer confirming your new salary package. Increases in your salary package due to temporary secondments are excluded.

To be eligible for this option, the following applies:

- you must be 50 years old or younger at the commencement of the Income Protection benefit (in the case of a policy which has been cancelled and replaced, this will relate to your age at the commencement of the original policy)
- you must meet our definition of Employee (not self-employed) at the time you apply to exercise the option, and
- we accepted your original application for insurance cover on standard terms without any policy loadings/exclusions or other policy restrictions.

The option can be exercised once only within any 12-month period, and only if:

- you have not made a claim or intend to make a claim on any life insurance policy with income protection issued by us or any other insurer, at the time of the request to exercise the option
- you are under 55 years of age at the time of the request to exercise the option, and
- the Sum Insured under all income protection benefits with us and other insurers is less than the maximum Sum Insured allowed under the Policy for you.

The total Income Protection Sum Insured, after any increase, cannot exceed 75% of the first \$26,667 of your monthly Income at the time of the increase, plus 50%* of the next \$20,000 of your monthly Income at the time of the increase.

Under a Superannuation Income Protection Plan, the monthly benefit payable cannot exceed 100% of your Pre-disablement Income.

The total of all increases in the Sum Insured cannot exceed the initial Sum Insured. For example, if you selected a Sum Insured of \$5,000 when cover originally commenced, you cannot increase the Sum Insured amount under the Guaranteed Future Insurability benefit by more than \$5,000.

27. Premium Freeze

At each Policy Anniversary, you can choose to pay the same premium for the next Policy year as you paid for the previous Policy year. To exercise this option you must be at least 35 years old and paying Variable age-stepped premiums.

If you select Premium Freeze, the Sum Insured on the cover will be decreased the next Policy year to match the premium you paid in the previous Policy year.

Continuing to freeze premiums

When Premium Freeze is in place, you will still need to notify us in writing at least 30 days before each Policy Anniversary if you wish to continue to freeze premiums. If you do not notify us, your premium will increase in accordance with your age.

Limitations

When the Premium Freeze option is exercised, any Benefit Indexation will cease and you will not be able to exercise any of the Guaranteed Future Insurability options outlined in this section.

Premium Freeze does not apply to Term Cover, Accidental Death, Forward Underwriting or Business Safeguard Forward Underwriting.

Premium Freeze does not apply where premiums do not increase in the following year.

16.1.3 General terms and conditions

Sum Insured limits

In determining the maximum monthly benefit, we consider the benefits payable to you under any other income protection or business expenses policy that is in force or you have applied for. If any such benefits are not disclosed to us at the time of a application for new cover or to increase your existing cover, we may reduce the amount of the Insured Monthly Benefit otherwise payable if a claim occurs.

16.1.4 Limitations and exclusions

Limitations and exclusions that apply to all Income Protection insurance covers are set out below. If you hold cover through a Superannuation Plan, conditions of release of the relevant fund will also need to be satisfied before a claim payment can be released to you (see Section 9 of the PDS).

Limitations

Two and Five Year Benefit Periods

Where a claim for a condition has been paid for the maximum Benefit Period (two or five years), we will not accept any subsequent claim for the same condition or associated complications of the same condition unless:

- you make a full recovery (as certified by a Medical Practitioner), and
- you have returned to Full-time Employment and have fully undertaken all of the important income-producing duties of your occupation for a period of at least 12 months prior to the subsequent claim.

For a subsequent claim that is independent of the original claim, a new Waiting Period and Benefit Period will apply.

To age 70 Benefit Period

Benefit reductions apply if you are aged 65 to 70. Any government age pension you are being paid will be offset against any claim payments made under this benefit.

The following benefits cease at the Policy Anniversary prior to your 65th birthday:

- Benefit Indexation*
- Claim Escalation*
- PLUS Optional (under Super Extras)
- Advantage Optional (under Super Extras)
- Day 1 Accident*
- Income Protection Lump Sum (under Super Extras)
- Variable premiums
- Optimum premiums

* Under a Superannuation Income Protection Plan, the monthly benefit cannot exceed 100% of your Pre-disablement Income.

Two-year Benefit Period to age 70

- Indemnity only (Extended Indemnity is not available).
- Benefit Indexation will apply only until the Policy Anniversary prior to your 65th birthday.
- If you are being paid a government age pension, this payment will not be offset against any claim payments made under this benefit.
- The Expiry Date is the Policy Anniversary prior to your 70th birthday. Any claim under this benefit, in course of payment at the benefit Expiry Date, will cease at that date.

Exclusions

We will not pay a death or disablement benefit claim:

- where death is the result of suicide within the first 13 months of the commencement, re-instatement, or increase of the benefit (but only in relation to the increased amount)*
- where disablement is due to intentional self-inflicted injury or any such attempt by you
- where death or disablement is due to your participation in criminal activity or resulting from incarceration
- for any period you are incarcerated arising from your participation in criminal activity
- where disablement is due to you engaging in or taking part in service in the armed forces of any country, or
- for normal pregnancy, uncomplicated childbirth or miscarriage.

*This exclusion will be waived in respect of any Death benefit under the Policy provided the Policy is replacing the death benefit from us or a previous insurer and the full suicide exclusion period under the in force policy to be replaced has elapsed. The waiver only applies to the amount of the death benefit that has been replaced by the Policy.

Benefit reductions

Additional rules where the Benefit Period is 'to age 70'

The following rules apply to Income Protection on an Agreed Value, Indemnity and Extended Indemnity basis where the Benefit Period is 'To age 70'. (This does not apply where the Benefit Period is 'Two-year Benefit Period to age 70'.)

The Insured Monthly Benefit will be reduced after the Policy Anniversary prior to your 65th birthday. To calculate the reduction, the Insured Monthly Benefit is multiplied by the

16. INCOME PROTECTION AND INCOME PROTECTION ACCIDENT ONLY PLANS

percentage shown in the table below and will remain at that amount for the duration of that claim. The premium you pay will be based on the reduced Insured Monthly Benefit.

Policy Anniversary prior to your	Percentage of the Insured Monthly Benefit payable
65th birthday	100%
66th birthday	80%
67th birthday	60%
68th birthday	40%
69th birthday	20%

You cannot increase your Insured Monthly Benefit on or after the Policy Anniversary prior to your 65th birthday.

Claim offsets

Ordinary Plans – Occupation Categories: A1, A2, M

This condition applies to Income Protection cover, including the Needlestick Injury benefit, and Income Protection Accident Only cover.

If you make a claim for a Total Disablement or Partial Disablement benefit, we will reduce your benefit amount by the amount of any payments received relating to loss of income, loss of earning capacity or any other economic loss caused by the relevant Injury or Sickness from another insurance policy, or from a superannuation/pension plan that you did not disclose when you applied for this Policy, or when you applied for an increase in cover under this Policy. If the Income Protection cover has a Benefit Period of 'To age 70', then any government age pension you receive can also be offset.

If any of these payments are received as a lump sum rather than a monthly payment they will be converted, for the purpose of applying this offset provision, to a monthly amount equivalent to one-sixtieth (1/60th) of the lump sum amount for a period of 5 years.

You must provide to us, as soon as reasonably practicable, a breakdown of any lump sum received. This should include (where applicable) the portions of the lump sum relating to loss of income, loss of earning capacity or any other economic loss as a result of the Injury or Sickness, and any other information we reasonably require for the purpose of verifying the amount of such payments.

Where you do not provide sufficient information for us to reasonably identify the above portions of the lump sum received, for the purposes of calculating the amount to be offset we will (acting reasonably on the basis of the information which we have received regarding the lump sum payment), decide what portion of the lump sum relates to loss of income, loss of earning capacity or any other economic loss as a result of the Injury or Sickness and advise you of this in writing prior to applying the offset based on the lump sum payment. Should you disagree with our assessment, you can request a review at which point we

will act reasonably in considering any additional information you provide in relation to the lump sum payment.

Any lump sum TPD, Crisis Recovery or Terminal Illness benefit payments will not be offset against your Total Disablement or Partial Disablement benefit payments.

We will reduce the Total Disablement benefit only to the extent that the sum of the Total Disablement benefit and any other payments received cannot exceed:

- 75% of the first \$26,667 of your monthly Pre-disablement Income
- plus 50% of the next \$20,000 of your monthly Pre-disablement Income
- plus 20% of the next \$150,000 of your monthly Pre-disablement Income.

We will reduce the Partial Disablement benefit to the extent that the sum of the Partial Disablement benefit, your monthly Income and any other payments received cannot exceed 100% of your monthly Pre-disablement Income.

Ordinary Plans – Occupation Categories: A3, A4, B1, B2, C1, C2, D and E

This condition applies to Income Protection cover and Income Protection Accident Only cover.

If you make a claim for a Total Disablement or Partial Disablement benefit, the benefit amount you are entitled to receive will be reduced by payments received by you relating to loss of income, loss of earning capacity or any other economic loss caused by the relevant Injury or Sickness:

- as a result of a claim made under workers compensation, a motor accident claim or any other similar claim made under the legislation of any Australian state, territory or the Commonwealth, and
- from another insurance policy, or from a superannuation/pension plan that you didn't disclose when you applied for this Policy, or when you applied to increase cover under this Policy.

In addition, we will reduce your benefit amount by any payments you receive or become entitled to in respect of your Injury or Sickness under any statute, or as damages under common law (whether or not modified by statute), for loss of income, loss of earning capacity or any other economic loss (including any benefits or payments for work injury damages), whether paid as a lump sum or not.

If any of these payments are received as a lump sum rather than a monthly payment they will be converted, for the purpose of applying this offset provision, to a monthly amount equivalent to one-sixtieth (1/60th) of the lump sum amount for a period of 5 years.

You must provide to us, as soon as reasonably practicable, a breakdown of any lump sum received. This should include (where applicable) the portions of the lump sum relating to loss of income, loss of earning capacity or any other economic loss as a result of the Injury or Sickness, and any other information

we reasonably require for the purpose of verifying the amount of such payments.

Where you do not provide sufficient information for us to reasonably identify the above portions of the lump sum received, for the purposes of calculating the amount to be offset we will (acting reasonably on the basis of the information which we have received regarding the lump sum payment), decide what portion of the lump sum relates to loss of income, loss of earning capacity or any other economic loss as a result of the Injury or Sickness and advise you of this in writing prior to applying the offset based on the lump sum payment. Should you disagree with our assessment, you can request a review at which point we will act reasonably in considering any additional information you provide in relation to the lump sum payment.

Any lump sum TPD, Crisis Recovery or Terminal Illness benefit payments will not be offset against your Total Disablement or Partial Disablement benefit payments.

We will reduce the Total Disablement or Partial Disablement benefit only to the extent that the sum of the Total Disablement benefit and any other payments received cannot exceed:

- 75% of the first \$26,667 of your monthly Pre-disablement Income
- plus 50% of the next \$20,000 of your monthly Pre-disablement Income
- plus 20% of the next \$150,000 of your monthly Pre-disablement Income.

We will reduce the Partial Disablement benefit to the extent that the sum of the Partial Disablement benefit, your monthly Income and any other payments received cannot exceed 100% of your monthly Pre-disablement Income.

Superannuation Plans – all occupations (except Home Duties)

This condition applies to Income Protection and Income Protection Accident Only cover.

If you make a claim for a Total Disablement or Partial Disablement benefit, the benefit amount you are entitled to receive will be reduced by payments received by you relating to loss of income, loss of earning capacity or any other economic loss caused by the relevant Injury or Sickness:

- (i) as a result of a claim made under workers compensation, a motor accident claim, sick leave, annual leave, long service leave, common law entitlements or any claim made under the legislation of any Australian state, territory or the Commonwealth
- (ii) from any non-superannuation Income Protection Plan or from a superannuation/pension plan, but only if that policy/plan was not disclosed to us when you applied for your Policy, or when you applied for an increase in cover under this Policy, and
- (iii) as government pension payments, where the Income Protection cover has a Benefit Period of 'To age 70'.

In addition, we will reduce your benefit amount by any payments you receive or become entitled to in respect of your Injury or

Sickness under any statute, or as damages under common law (whether or not modified by statute), for loss of income, loss of earning capacity or any other economic loss (including any benefits or payments for work injury damages), whether paid as a lump sum or not.

If any of these payments are received as a lump sum rather than a monthly payment they will be converted, for the purpose of applying this offset provision, to a monthly amount equivalent to one-sixtieth (1/60th) of the lump sum amount for a period of 5 years.

You must provide to us, as soon as reasonably practicable, a breakdown of any lump sum received. This should include (where applicable) the portions of the lump sum relating to loss of income, loss of earning capacity or any other economic loss as a result of the Injury or Sickness, and any other information we reasonably require for the purpose of verifying the amount of such payments.

Where you do not provide sufficient information for us to reasonably identify the above portions of the lump sum received, for the purposes of calculating the amount to be offset we will (acting reasonably on the basis of the information which we have received regarding the lump sum payment), decide what portion of the lump sum relates to loss of income, loss of earning capacity or any other economic loss as a result of the Injury or Sickness and advise you of this in writing prior to applying the offset based on the lump sum payment. Should you disagree with our assessment, you can request a review at which point we will act reasonably in considering any additional information you provide in relation to the lump sum payment.

Any lump sum TPD, Crisis Recovery or Terminal Illness benefit payments will not be offset against your Total Disablement or Partial Disablement benefit payments.

We will reduce the Total Disablement or Partial Disablement benefit only to the extent that the sum of the Total Disablement benefit and any other payments received cannot exceed:

- 75% of the first \$26,667 of your monthly Pre-disablement Income
- plus 50% of the next \$20,000 of your monthly Pre-disablement Income
- plus 20% of the next \$150,000 of your monthly Pre-disablement Income.

We will reduce the Partial Disablement benefit to the extent that the sum of the Partial Disablement benefit, your monthly Income and any other payments received cannot exceed 100% of your monthly Pre-disablement Income.

16.1.5 When benefit payments cease

Benefit payments will cease at the earlier of:

- you cease to be disabled, or
- the Benefit Period or the insurance cover ends (whichever comes first).

16.1.6 When cover begins and ends

Income Protection and Income Protection Accident Only cover will begin on the applicable Commencement Date shown on your Policy Schedule and end at the earliest of:

- payment of the Income Protection Lump Sum benefit
- your permanent retirement from the workforce except as a direct result of disablement
- the lapse or cancellation of the benefit or Policy (see Section 10.2 of the AIA Priority Protection Product Disclosure Statement)
- the lapse or cancellation of the Superannuation Income Protection Plan (at which point any linked Super Extras benefits will also end)
- the lapse or cancellation of the linked Super Extras benefit (at which point the Superannuation Income Protection Plan to which this benefit is linked will also end)
- your passing away, or
- the Expiry Date of the benefit.

16.2 Super Extras

Your optional benefit

Superannuation law restricts the payment of certain benefits within Income Protection cover, so Super Extras allows you to set up your existing or replacement Income Protection cover inside and outside of super, giving you access to enhanced cover and optional benefits not available inside super.

It also allows you to pay part of your premium from super and structure your Income Protection cover in a tax-effective way. Speak to your financial adviser or tax adviser for further details.

If you have chosen to structure your existing or replacement Income Protection Plan through superannuation, important information about holding insurance through superannuation, is provided in Section 9 of the PDS.

Availability

- When cancelling and replacing an existing Priority Protection Income Protection or Income Protection Accident Only policy, Super Extras is available outside superannuation to provide additional benefits.

Super Extras may also be added to an existing Priority Protection or Income Protection Accident Only policy inside superannuation.

- Super Extras is not available or applicable to Income Protection CORE.
- To access the Advantage Optional, PLUS Optional benefits or Income Protection Lump Sum within Super Extras you must:
 - be in an Occupation Category other than Category E or Home Duties, and
 - be in Full-time Employment.

In this section

- 16.2.1 Benefit overview
- 16.2.2 How Super Extras works
- 16.2.3 Limitations
- 16.2.4 When cover ends

16.2.1 Benefit overview

Super Extras provides you with a non-superannuation version of each benefit you have under your Income Protection or Income Protection Accident Only Cover (as applicable) through superannuation, as well as built-in benefits which are available under Income Protection or Income Protection Accident Only cover (as applicable) under an Ordinary Income Protection Plan (see Sections 16.1.1–6).

If you are cancelling an Ordinary Income Protection policy and replacing it with a Superannuation Plan, a new Super Extras policy can be issued to reflect the existing benefits available under the Ordinary policy.

Super Extras has a number of optional benefits which can also be added to a existing Super Extras policy. Table 24 shows the optional benefits available under Super Extras. The brief descriptions given in the table are a summary only. For the detailed terms, please refer to the relevant section noted in the table below. The benefits that apply to you will be shown on your Policy Schedule.

16.2.2 How Super Extras works

By having Super Extras outside super as a Linked Benefit to your existing or replacement Superannuation Income Protection Plan, it allows you to access Income Protection cover inside and outside of super.

Income Protection benefits that cannot be paid within superannuation because they do not satisfy a Permitted Condition of Release (see Section 9.1 of the PDS) may be paid outside of the superannuation via Super Extras instead.

If an Income Protection claim is made, it will firstly be assessed under the Superannuation Income Protection Plan. If the benefit payment is payable under superannuation law, the benefit will be paid to the trustee of the relevant fund. The trustee will then process the benefit according to the governing rules of the superannuation fund and superannuation law.

If the benefit payment is not payable under superannuation law, the benefit will be paid to you under your Super Extras Policy.

Outside super Linked Benefits	Inside super (Superannuation Income Protection Plan)
Owned by you through Super Extras cover	Owned by the trustee of the relevant fund
Pays benefits available under Super Extras (less any benefits payable inside super)	Pays benefits permitted under super law

The applicable policy fee will be applied to the Superannuation Income Protection Plan.

16.2.3 Limitations

Super Extras is only available as an Indemnity based cover, unless the Policy is replacing Agreed Value Super Extras from AIA Australia and the cancel and replace is being performed for an administrative reason where an alteration to the existing policy is not available, for example, to facilitate a change of ownership or correct an administrative error affecting the existing policy.

The Insured Monthly Benefit amount and the cover type (e.g. Indemnity) under both your Income Protection Policies must be the same at all times.

The total benefit payable under both Policies cannot exceed the total Insured Monthly Benefit under the Superannuation Income Protection Plan.

Benefit reductions

If the Insured Monthly Benefit for your Income Protection benefit is reduced under either the Superannuation Policy or the Linked Benefit, the same reduction will apply to the other Policy. We may also reduce the Insured Monthly Benefit under the Superannuation Income Protection Plan so that it does not exceed 100% of your Pre-disablement Income. If this occurs, the amount of such reduction can be paid under a Linked Benefit (Super Extras), if applicable. See Section 16 for the exclusions that apply to Income Protection cover.

16.2.4 When cover ends

If cover ends under your Superannuation Income Protection Plan, your selected Super Extras cover will also end and vice versa. See Section 9.1 of the PDS for more information.

17. INCOME PROTECTION AND INCOME PROTECTION ACCIDENT ONLY – RIDER BENEFITS

Rider Benefits are optional benefits that can be added to your existing or replacement Income Protection and Income Protection Accident Only cover at an additional cost.

Section 1 of the PDS shows how these optional benefits can be structured within these Income Protection Plans.

Please also refer to Section 8.15 of the PDS for detail of the Claims Escalation Benefit which can also be added to the above plans.

The availability of Rider Benefits inside super (Superannuation Plan) and outside super (Ordinary Plan/Linked Benefit) are set out in each section below.

To link superannuation cover with benefits under an Income Protection Ordinary Plan, you can select the Linked Benefits (Super Extras).

For details on Super Extras please refer to Sections 9 of the PDS and 16.2 of this document.

- or
- you have suffered Loss of Independence.

The Income Protection Lump Sum benefit is calculated using the multiple based on your age at the date that you have first met the Total and Permanent Disablement definition for the purposes of this benefit.

The lump sum payable depends on your age at time of making a claim.

Lump sum payable

The Income Protection Lump Sum benefit is calculated as the lesser of:

- \$3 million, and
- an annualised monthly benefit multiplied by a factor based on your age.

The annualised monthly benefit is 12 times your total Insured Monthly Benefit at the date you first became Totally and Permanently Disabled, including Claim Escalation benefit increases (if applicable), less any offsets that would have been applied to the monthly benefit if you had not chosen to receive the Income Protection Lump Sum benefit.

Factor your Annualised Monthly Benefit is multiplied by:	Your age range
15	38 or less
13	39 to 43
11	44 to 48
9	49 to 54
64 less your age when the Income Protection Lump Sum Benefit becomes payable	55 or older

If the lesser of the above amounts is nil or a negative amount, no Income Protection Lump Sum benefit is payable.

17.4.1 Built-in Benefits

This section sets out the terms and conditions of any Built-in Benefits that apply specifically to Retirement Optimiser. Each benefit is subject to the general terms and conditions, limitations and terms around when cover begins and ends set out in Sections 17.4.2–4 and Section 10.2 of the PDS.

With Retirement Optimiser, you can insure up to 5% of your average monthly Income so that your nominated superannuation account will continue to accumulate contributions whilst you are being paid an Income Protection benefit.

This means that when we pay your Insured Monthly Benefit for Total Disablement or Partial Disablement, we will also pay an additional amount into your nominated superannuation account.

The amount we pay depends on whether your Income Protection/Income Protection Accident Only insurance cover is Agreed Value, Indemnity or Extended Indemnity (see below).

When the benefit is payable

We will pay the benefit amount into your nominated superannuation account when we pay a monthly benefit in relation to any one of the following:

- Total Disablement
- Partial Disablement
- Day 1 Accident benefit
- Specified Injury benefit, and
- Crisis Recovery.

If you have selected the Benefit Indexation and/or Claim Escalation Rider Benefits, these will also apply to the Retirement Optimiser benefit payment.

How the benefit is paid

We will pay the Retirement Optimiser benefit as a contribution to a nominated superannuation fund on your behalf.

You must provide us with your instructions and any information we request to enable us to pay this benefit.

If you are in the AIA Insurance Superannuation Scheme No2, the Retirement Optimiser Benefit Payment will be paid as a contribution to another complying superannuation fund nominated by you.

If you are a member of an SMSF or Approved Superannuation Fund, the Retirement Optimiser Benefit Payment will be paid to your account in the superannuation fund you have nominated to receive the benefit.

We cannot pay the Retirement Optimiser benefit to you in cash.

Under a Superannuation Income Protection Plan, the total monthly benefit for Income Protection, Income Protection Accident Only and Retirement Optimiser cannot exceed 100% of your Pre-disablement Income. If the total monthly benefit does exceed 100% of your Pre-disablement Income, we will reduce the benefits proportionately to comply with this rule.

Indemnity

The Retirement Optimiser Benefit Payment will be the lesser of:

- the Retirement Optimiser Insured Monthly Benefit, adjusted for any applicable claim offsets, Benefit Indexation and Claim Escalation, and
- 5% of your Pre-disablement Income (Indemnity), adjusted for any applicable claim offsets.

Extended Indemnity

The Retirement Optimiser benefit payment will be the lesser of:

- the Retirement Optimiser Insured Monthly Benefit, adjusted for any applicable claim offsets, Benefit Indexation and Claim Escalation, and
- 5% of your Pre-disablement Income (Extended Indemnity), adjusted for any applicable claim offsets.

Note, the maximum amount payable including the Insured Monthly Benefit and Retirement Optimiser is shown on your Policy Schedule.

Agreed Value

The Retirement Optimiser benefit payment will be equal to the Retirement Optimiser Insured Monthly Benefit, subject to the rules in the definition of Agreed Value set out in Section 18.1 and adjusted for any applicable claim offsets, Benefit Indexation and Claim Escalation.

Limitations and exclusions that apply to this Rider Benefit are set out below. If you hold cover through a Superannuation Plan, the conditions of release of the relevant fund will also need to be satisfied before a claim payment can be released to you (see Section 9 of the PDS).

Benefit reductions

If the monthly benefit payable is reduced because you have a claim offset, or have a Partial Disablement rather than a Total Disablement, then the Retirement Optimiser Benefit Payment will be reduced by the same proportion.

Exclusions

- death

18. DEFINITIONS

This section sets out the meanings of the capitalised terms used in Sections 16 and 17 of this document.

General Definitions are included in Sections 18.1 below and 12.1 of the AIA Priority Protection Product Disclosure Statement (PDS) and Medical Definitions are shown in Section 12.2 of the PDS. References to 'you', 'we', 'us', 'our', 'insurer', 'AIA Australia' and 'trustee' (and each of their derivatives) have the meaning set out in the 'Defined Terms' section on the inside front cover of the AIA Priority Protection Product Disclosure Statement.

If you need to make a claim on your Policy, we will rely on the relevant definitions when assessing your claim.

18.1 Income Protection and Income Protection Accident Only – General Definitions

Accidental Death means death as a result of a physical injury which:

- is caused solely and directly by violent, external and unexpected means; and
- would have occurred in the absence of any mental or physical health condition which you were subject to at or prior to the relevant accident event.

Death resulting from a Sickness does not constitute 'Accidental Death'.

Accidental Injury means a physical injury which:

- is caused solely and directly by violent, external and unexpected means; and
- would have occurred in the absence of any mental or physical health condition which you were subject to at or prior to the relevant accident event.

Sickness resulting from medical or surgical treatment rendered necessary by the physical injury will not constitute an 'Accidental Injury'.

Activities of Daily Living means the following activities:

Bathing

Means the ability for you to wash yourself either in the bath or shower or by sponge bath without the assistance of another person. You will be considered able to bathe yourself even if the above tasks can only be performed by using equipment or adaptive devices.

Dressing

Means the ability to put on and take off all garments and medically necessary braces or artificial limbs usually worn, and to fasten and unfasten them, without the assistance of another person. You will be considered able to dress yourself even if the above tasks can only be performed by using modified clothing or adaptive devices such as tape fasteners or zipper pulls.

Eating

Means the ability to get nourishment into the body by any means without the assistance of another person, once it has been prepared and made available to you.

Toileting

Means the ability to get to and from and on and off the toilet and to maintain a reasonable level of personal hygiene, and to care for clothing without the assistance of another person. You will be considered able to toilet yourself even if you have an ostomy and are able to empty it yourself, or if you are able to use a commode, bedpan or urinal and are able to empty and clean it without the standby assistance of another person.

Transferring

Means the ability to move in and out of a chair or bed without the assistance of another person. You will be considered able to transfer yourself even if equipment such as canes, quad canes, walkers, crutches or grab bars or other support devices, including mechanical or motorised devices, are used.

Agreed Value means:

- the Insured Monthly Benefit is agreed with you at the time your application is underwritten and is based on your Income at that time
- the Insured Monthly Benefit is guaranteed subject to receipt by us of reasonable financial evidence in relation to your income at the time your application was underwritten. If reasonable financial evidence in relation to your application is not provided to us at the time your application is underwritten, that evidence must be provided before the payment of any claim. Claim offsets for other sources of income may apply (see Section 16.1.4), and
- cover on an Agreed Value basis is available only to Occupation Categories A1, A2, M, A3, A4, B1, B2, C1 and C2.

Inside Super

In addition, if you have Agreed Value under the Superannuation Income Protection Plan, it is a requirement under superannuation legislation that you cannot receive more than your Pre-disablement Income. Consequently you will not be able to receive more than the Pre-disablement Income (Agreed Value) from all sources while you are being paid a benefit for Temporary Incapacity within the superannuation environment. Therefore, regardless of any other terms in this document or the PDS, we will reduce any benefit we pay you inside the superannuation environment so that the total of all Income you receive from all sources, except interest, dividends and other similar investment income, does not exceed 100% of your Pre-disablement Income (Agreed Value).

If the Agreed Value monthly benefit payable under the Superannuation Income Protection Plan is reduced due to this cap, the amount of such reduction can be considered under a Linked Benefit (Super Extras) outside super, if applicable.

- **Agreed Value (Verified)**

If your Policy Schedule shows that a benefit written on an Agreed Value basis is Agreed Value (Verified), then in the event of a claim, we will only ask the income questions in the AIA Australia claim form. We will not require any additional financial evidence at the time of the claim except in relation to the assessment of a Partial Disablement benefit or where a financial or income offset has been applied to the Policy.

- **Agreed Value (Unverified) and Agreed Value (Partially Verified)**

If your Policy Schedule shows that a benefit written on an Agreed Value basis is Agreed Value (Unverified) or Agreed Value (Partially Verified), then in the event of a claim we will require additional financial evidence to verify the Insured Monthly Benefit.

Approved Superannuation Fund means a superannuation fund that is a complying fund, and which has an arrangement with us to purchase one or more of the life insurance benefits under the Superannuation Plans for one or more of its fund members as the insured persons. Note that the AIA Insurance Superannuation Scheme No2 is not an Approved Superannuation Fund for this purpose. A list of Approved Superannuation Funds can be obtained by calling us on 1800 333 613.

Benefit Indexation means an annual increase in the Sum Insured and/or the Insured Monthly Benefit pursuant to the Benefit Indexation benefit described in Section 7.2 of the AIA Priority Protection Product Disclosure Statement.

Benefit Period is stated on the Policy Schedule and is the maximum period during which an Insured Monthly Benefit is payable.

Child/ren means your natural child/ren, stepchild/ren or legally adopted child/ren.

Commencement Date means the date on which insurance cover begins, as shown on your Policy Schedule.

Consumer Price Index Increase (CPI Increase) means the percentage increase in the average CPI for the eight state capital cities published by the Australian Bureau of Statistics and covering the most recent period of 12 months for which quarterly figures are available at the date the policy fee, Sum Insured or Insured Monthly Benefit is to be increased. In the event of any suspension or discontinuance of the CPI, such other index as we reasonably consider appropriate shall be adopted for the purposes of the Policy.

Crisis Event means a condition that is listed under the relevant insurance benefit. Crisis Events are defined in Section 12.2 of the PDS, under our medical definitions section.

Date of Loss (Needlestick) is determined as the date that sero-conversion takes place (i.e. the date upon which you are diagnosed as HIV positive, Hepatitis B positive or Hepatitis C positive).

Dependant means:

Outside Super

- your Spouse, or
- your Children (including Children of your spouse), or
- a person who is financially dependent on you.

Inside Super

For Superannuation Plans, 'dependant' is defined in Section 9 of the PDS.

You cannot be Self-employed, an employee of your own company, partner in a partnership or a trustee of a trust, or an Employee of any immediate family member. As an employee you have no ownership interest in the business or practice by whom you are employed, directly or indirectly (except as a shareholder in a publicly listed company).

Expiry Date for a benefit means the premium expiry date shown on the Policy Schedule for that benefit.

Extended Indemnity

- The monthly benefit payable in the event of Total Disablement is the lower of the Insured Monthly Benefit under the Income Protection benefit and 75% of the first \$26,667 of your monthly Pre-disablement Income (Extended Indemnity) at the start of the Total Disablement plus 50% of the next

18. DEFINITIONS

\$20,000 of your monthly Pre-disablement Income (Extended Indemnity) plus 20% of the next \$150,000 of your monthly Pre-disablement Income (Extended Indemnity)

- The Insured Monthly Benefit is not guaranteed
- Reasonable financial evidence must be provided before the payment of any claim. Claim offsets for other sources of income may apply (see Section 16.1.4), and
- Cover on an Extended Indemnity basis is available to Occupation Categories A1, A2, M, A3, A4, B1, B2, C1, C2, D and E.

Inside Super

In addition, if you have Extended Indemnity under the Superannuation Income Protection Plan (when available), it is a requirement under superannuation legislation that you cannot receive more than your Pre-disablement Income. Consequently you will not be able to receive more than the Pre-disablement Income (Extended Indemnity) from all sources while you are being paid a benefit for Temporary Incapacity within the superannuation environment.

Therefore, regardless of any other terms in this document or the PDS, we will reduce any benefit we pay you inside the superannuation environment so that the total of all income you receive from all sources, except interest, dividends and other similar investment income, does not exceed 100% of your Pre-disablement Income (Extended Indemnity) as at the date of disablement.

If the Extended Indemnity monthly benefit payable under the Superannuation Income Protection Plan is reduced due to this cap, the amount of such reduction can be considered under a Linked Benefit (Super Extras) outside super, if applicable.

Full-time Employment

Full-time Employment has two different meanings depending on the type of cover:

- Means working a minimum of 20 hours per week, 48 weeks per year, excluding public holidays, for the following benefits:
 - TPD and TPD Stand Alone
 - Double Total and Permanent Disablement
 - Accidental TPD and Accidental TPD Stand Alone
 - Waiver of Premium under Life Cover, and
 - Repayment Relief.
- Means working a minimum of 25 hours per week, 48 weeks per year, excluding public holidays, for the following benefits:

 - Business Expenses.

Limits apply to benefit amount increases available under Guaranteed Future Insurability (see Section 7.3 of the PDS).

Home Duties means you are wholly engaged in full-time unpaid domestic duties in your own residence.

Income means for:

- **Employed Person**

The total pre-tax remuneration paid to an Employed person including salary, commission, bonuses, overtime, fringe benefits and superannuation contributions (statutory and/or voluntary). This does not include income which is not derived from the Life Insured's personal exertion or activities, such as interest or dividend payments.

- **Self-employed Person**

Income that you generate and receive from your business or practice due to your personal exertion or activities, less your share of necessarily incurred business expenses, for the last financial year. Income does not include other unearned income such as dividends, interest, rental income or proceeds from the sale of assets, or royalties.

Indemnity

- The monthly benefit payable in the event of Total Disablement is the lower of the Insured Monthly Benefit under the Income Protection benefit and 75% of the first \$26,667 of your monthly Pre-disablement Income (Indemnity), at the start of the Total Disablement plus 50% of the next \$20,000 of your monthly Pre-disablement Income (Indemnity) plus 20% of the next \$150,000 of your monthly Pre-disablement Income (Indemnity)

- Cover on an indemnity basis is available to Occupation Categories A1, A2, M, A3, A4, B1, B2, C1, C2, D and E.

Inside Super

In addition, if you have Indemnity under the Superannuation Income Protection Plan, it is a requirement under superannuation legislation that you cannot receive more than your Pre-disablement Income. Consequently you will not be able to receive more than the Pre-disablement Income (Indemnity), from all sources while you are being paid a benefit for Temporary Incapacity within the superannuation environment. Therefore, regardless of any other terms in this document or the PDS, we will reduce any benefit we pay you inside the superannuation environment so that the total of all income you receive from all sources, except interest, dividends and other similar investment income, does not exceed 100% of your Pre-disablement Income (Indemnity) as at the date of disablement.

If the Indemnity monthly benefit payable under the Superannuation Income Protection Plan is reduced due to this cap, the amount of such reduction can be considered under a Linked Benefit (Super Extras) outside super, if applicable.

Injury means a physical injury which occurs entirely independently of a health condition or any other cause whilst the Policy is in force. The injury must result in disablement within one year of the date of your physical injury. Sickness resulting from medical or surgical treatment rendered necessary by the physical injury will not constitute an 'Injury'.

Insured Monthly Benefit means;

For Agreed Value policies:

Your Insured Monthly Benefit is agreed with you based on your Income at the time your application is underwritten, and will be stated on the Policy Schedule[^]. The monthly benefit we will pay may be subject to claim offsets (see Section 16.1.4).

The amount of financial evidence that you will be reasonably required to provide on your Income at time of claim is based on whether you have **Agreed Value (Verified)**, **Agreed Value (Unverified)** or **Agreed Value (Partially Verified)**.

The type of Agreed Value cover that you hold will be shown on your Policy Schedule.

For further details on the monthly benefit calculation where Agreed Value cover is held, see the Agreed Value definition in Section 18.1.

Agreed Value Income Protection insurance cover is only available if the Policy is replacing an existing Priority Protection Agreed Value Income Protection insurance cover from AIA Australia and the cancel and replace is being performed for an administrative reason where an alteration to the existing policy is not available, for example, to facilitate a change of ownership or correct an administrative error affecting the existing policy.

Agreed Value is only available with a Superannuation Plan where you have Super Extras as a Linked Benefit attached to a separate Policy outside super. If your monthly benefit amount exceeds 100% of your Pre-disablement Income, the amount of the excess will be paid under Super Extras.

[^]Unless otherwise disclosed to you or agreed with you. Your Insured Monthly Benefit may be adjusted by any benefit alterations the Policy Owner has effected, or as adjusted by us in accordance with the policy terms and conditions and notified to the Policy Owner such as any applicable Benefit Indexation.

For Indemnity and Extended Indemnity policies (Income Protection cover):

Your Insured Monthly Benefit (subject to applicable claim offsets) is the lesser of:

- your monthly benefit stated on the Policy Schedule[^], and
- 75%^{^^} of your monthly Pre-disablement Income (Indemnity/ Extended Indemnity) at the time of becoming Totally Disabled.

Any amount of the Sum Insured shown on your Policy Schedule relating to Retirement Optimiser will be ignored for all income protection benefits except Retirement Optimiser.

[^]Unless otherwise disclosed to you or agreed with you. Your Insured Monthly Benefit may be adjusted by any benefit alterations the Policy Owner has effected, or as adjusted by us in accordance with the policy terms and conditions and notified to the Policy Owner such as any applicable Benefit Indexation.

18. DEFINITIONS

^^75% of your monthly Pre-disablement Income (Indemnity/Extended Indemnity) is calculated as follows:

- 75% of the first \$26,667 of your monthly Pre-disablement Income (Indemnity/Extended Indemnity) at the start of the Total Disablement
- plus 50% of the next \$20,000 of your monthly Pre-disablement Income (Indemnity/Extended Indemnity),
- plus 20% of the next \$150,000 of your monthly Pre-disablement Income (Indemnity/Extended Indemnity).

Needlestick Injury Benefit Calculation (all other income protection plans)

Needlestick Injury Benefit Amount (Agreed Value, Indemnity or Extended Indemnity) will be:

$$(A - B)/A \times C,$$

where

A = Pre-needlestick Injury Income (Agreed Value, Indemnity or Extended Indemnity),

B = Monthly Income after Date of Loss (Needlestick), earned during the assessed period, and

C = Insured Monthly Benefit

If your monthly Income whilst the Needlestick Injury benefit is being paid is negative, we will treat 'B' above as zero.

If there is a delay between the time you generate the monthly Income and when you actually received it, we will deem the Income to have been received in the month in which it was actually generated and this Income will form the basis of our calculation of 'B'.

The amount of benefit payable in a month may be reduced by any claim offsets (see Section 16.1.4).

Indemnity and Extended Indemnity

The aggregate of the Needlestick Injury Benefit Amount, your earnings in that month from personal exertion and any other payments received by you (see (i) and (ii) of the 'claim offset' condition in 16.1.4) where applicable, cannot exceed the lower of the Insured Monthly Benefit under the Needlestick Injury Benefit Amount and 100% of your Pre-needlestick Injury Income for Indemnity or Extended Indemnity.

See the definitions for Date of Loss (Needlestick), Waiting Period (Needlestick) and Pre-needlestick Injury Income (Agreed Value, Indemnity or Extended Indemnity). Different definitions apply to Agreed Value, Indemnity and Extended Indemnity.

that **solely** due to Injury or Sickness you are:

- unable to work in your own occupation at full capacity
- working in a reduced capacity in any occupation
- earning a monthly Income which is less than your Pre-disablement Income
- under the regular care of and following the advice of a Medical Practitioner, and

Partial Disablement – Income Protection Capability Clause

Partial Disablement benefit amount (Agreed Value, Indemnity or Extended Indemnity) will be:

$$(A - B) / A \times C,$$

where

A = Pre-disablement Income (Agreed Value)

Pre-disablement Income (Indemnity)

Pre-disablement Income (Extended Indemnity),

B = Monthly Income while Partially Disabled, and

C = Insured Monthly Benefit

If your monthly Income while Partially Disabled is negative, we will treat it as zero. If there is a delay between the time you generate the monthly Income and when you actually received it, we will deem the Income to have been received in the month in which it was actually generated and this Income will form the basis of our calculation of 'B'.

If you are Partially Disabled and are not working to the extent of your capability, or working in a reduced capacity which is less than your capability, as a result of causes other than Injury or Sickness, and this situation continues for at least two months, then 'B' will be calculated based on what you could reasonably be expected to earn if you were working to the extent of your capability.

Your capability (having regard to your Injury or Sickness) and what you could reasonably be expected to earn if you were working to the extent of your capability will be determined by taking into account available medical evidence (including the

opinion of your Medical Practitioner) and any other relevant considerations directly related to your medical condition (including information provided by you).

If we are making monthly benefit payments and these are adjusted in accordance with the terms of the Policy due to a change in how we calculate 'B', we will notify you 30 days prior to this taking place.

If you are unable to perform the important Income-producing duties of your usual occupation for more than 10 hours per week then we will not change how we calculate 'B'.

The amount of benefit payable will be adjusted for any claim offsets (see condition 16.2.4).

Outside Super

Under an Ordinary Plan only, if you are earning 25% or less of Pre-disablement Income (Agreed Value), Pre-disablement Income (Indemnity) or Pre-disablement Income (Extended Indemnity), during any of the first three months immediately after the end of the Waiting Period, we will pay the Total Disablement benefit for that month.

If you are employed, or have been unemployed or on maternity or paternity leave for less than 12 consecutive months immediately before your disablement started, we will consider you to be Partially Disabled if, **solely** due to Sickness or Injury:

All trustees must be satisfied that any insurance proceeds they receive can be paid from the relevant fund under a prescribed condition of release, and trustees are prohibited from acquiring benefits which may provide a payment in circumstances where a prescribed condition of release has not been met.

The prescribed conditions of release relevant to life insurance are:

Inside Super

Under the Superannuation Income Protection Plan, your Pre-disablement Income (Agreed Value) is the greater of your average monthly income for the:

- 12 consecutive months preceding the commencement of disablement, and

Where the original Policy has been cancelled and replaced, the disclosures made prior to the commencement of the original Policy will continue to be relied on under the new Policy.

Pre-needlestick Injury Income (Agreed Value) is your highest average monthly Income for any financial year since the date two years before the Commencement Date of the Needlestick Injury benefit up until the Date of Loss (Needlestick). In the case of a policy which has been cancelled and replaced, this will be the commencement of the original policy.

19.3 Term Level premiums

Term Level

You can also choose Term Level premium structure. Different Plans under your Policy can have different premium structures.

However, Rider Benefits must have the same premium structure as the Plan they are attached to, unless a benefit is only offered with a Variable age-stepped premiums or Variable premium structure.

The Term Level premium option means your premiums will be based on the current premium rate applicable to your age at the start of the Policy for an initial 5, 10 or 15 year term. There are other reasons your premium can change (see 'Other reasons why premiums can change'). Your premiums will then convert to Variable age-stepped premiums (which includes a loyalty discount) and be payable until the Expiry Date of the benefit.

19.4 Term Level premiums may change

The premium rates which apply to you under the Term Level premium structure may remain the same for a period of time, despite increases to your age, but the actual amount of premium payable by you during that period of time may still change where we adjust the applicable premium rates in accordance with 'Changes to fees and charges' section. Your premiums can also change (even if your premium rates do not change) if your Sum Insured or Monthly Benefit changes due to indexation.

19.5 Premium adjustments

For the initial term only, where Term Level premiums are being paid, any premium adjustments at each Policy Anniversary for Benefit Indexation increases will be calculated based on your age at the time that your relevant cover was first issued.

19.6 Loyalty discount

All benefits purchased on a Term Level premium basis will receive a 2.5% loyalty discount at the end of their initial term, when the premiums convert to Variable age-stepped premiums.

The discount will apply to that benefit until its Expiry Date.

If your Policy replaced a Priority Protection policy described in a product disclosure statement dated earlier than the Priority Protection Product Disclosure Statement and Policy Document prepared 8 May 2021 (version 22), the loyalty discount described in this PDS will not apply and the terms of the loyalty discount (if any) that your Policy is eligible for will be as described in that earlier product disclosure statement. If the policy being replaced had already qualified for a loyalty discount in accordance with the terms of the earlier product disclosure statement then that discount will continue to apply to your Policy.

If you cancel and replace this Policy, the loyalty discount described in this PDS will not apply to the replacement policy and the terms of the loyalty discount (if any) which is available in relation to the replacement policy will be as described in the PDS applicable to that replacement policy.

Only one loyalty discount will apply at any time.

The loyalty discount will not apply to any new benefits added or any increases in risk or Sums Insured (excluding Benefit Indexation increases) after the initial term.
